Loan Interest Rate & Fees

Your starting interest rate will be between 4.45% and 11.20%

After the starting rate is set, your rate will then vary with the market.

Your Starting Interest Rate (upon approval)
The starting interest rate you pay will be determined after you apply. It will be based upon your credit history and other factors (cosigner credit, school type, etc). If approved, we will notify you of the rate you qualify for within the stated range.

Your Interest Rate during the life of the loan
Your interest rate is variable. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon the 3-Month LIBOR Rate (as published in the Wall Street Journal). For more information on this rate, see the reference notes.

Although the rate will vary after you are approved, it will never exceed 15.00% (the maximum allowable for this loan).

Loan Fees

Late Charge: 5% of the amount of the past due payment or $10.00, whichever is less, if more than 10 days past due.
Returned Check Charge: $15.00

About this example
The repayment example assumes that you remain in school for 4 years and have a 6 month grace period before beginning repayment. It is based on the highest starting rate currently charged and associated fees. For loan amounts more than $2,000, repayment will last 15 years, once the initial principal payment is made. For loan amounts more than $1,400 but not more than $2,000, repayment will last 49 months, once the initial principal payment is made. For loan amounts of $1,400 or less, repayment will last 37 months, once the initial principal payment is made. You are not required to make any payments on your loan while you are in school, although you may make payments of interest or principal and interest at any time while you are in school.
